Crime Type Watch

Which crime categories are forecast to rise or fall, August–December 2026, across London.

⚠️ Public Order Offences excluded from ranking — a recording/classification change in March 2026 makes its forecast unreliable. See Methodology.

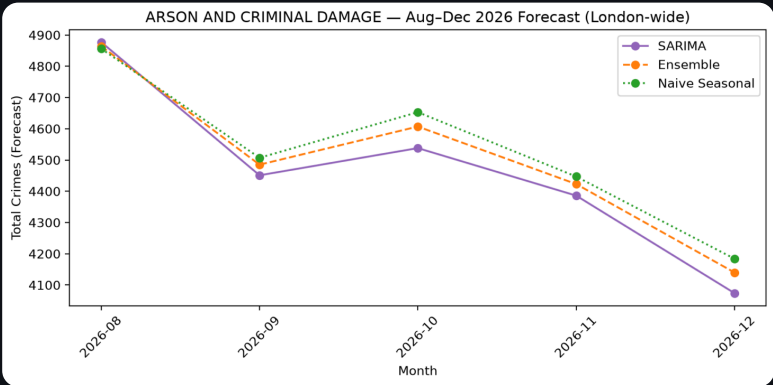

Drill into a category

SARIMA, Ensemble, and Naive Seasonal shown together. Watch Public Order Offences here especially: the methods diverge sharply, which is itself evidence of the recording-change issue described in Methodology.
